## This Month In Focus

March brings a full programme from our six regular monthly groups. Joining the Group activities is a great way to meet and talk with fellow photographers, find out about Distinctions and other RPS activities. Why not sign up to visit Chiswick House & Gardens in Spring with the London Naturally Group?

Many SIG activities are taking place in the Region in March and April, including the Visual Art Group 2018 Member's Print Exhibition, IPE 160 Award Winners Exhibition and the Historical Group's continuing series of lectures at the V&A. How about an evening at Tim Flach's studio later in April?

When you are out and about with your camera, don't forget that Celebrating London is intended to capture our **cultural diversity**, manifest not only in our big events and parades but in - for example - our street markets and small local events where you can often capture that unusual, candid or quirky image.

Follow the links below for more information and to sign up!
