POSTGRADUATE BURSARY 2011/2012

Further Information

As part of The Society's remit as an educational charity we are continuing to offer an annual Bursary of £3,500 in support of a postgraduate student

Applications are invited from postgraduate students on courses in photography or undertaking research in photography.

Closing date for applications is 30th June 2011 for courses and projects with start dates in Autumn 2011 and January 2012.

For these bursaries photography is interpreted in its widest sense to include digital and traditional photographic media, the art and science of photography, image based written work.

The case for support must include the benefit of the bursary to the applicant and details of the standing of the course or research project.

Applications must be endorsed by the applicant's course leader or research supervisor.

Examples of the applicant's work must be included with the application - this must be between 15 – 30 images saved to disk as jpegs. We ask that you also include a contact sheet/thumbnails of all the images and a brief narrative that contextualizes the images.

Applications will not be accepted via email.

The assessment criteria will be those of excellence in the work of the student and the institution and in the case presented.

You must clearly identify how you intend to spend the funding, give a comprehensive explanation of your project and explain how the funding will help its development/progression.

Please send your application to:
